An Exclusive CUI Product Line.

Low Country Timber Log Set

Enjoy the realistic, detailed design of the Low Country Timber gas logs. Constructed from refractory, these logs are extremely durable and provide a beautiful focal point in your vent-free fireplace. Available in your choice of Millivolt or Manual control and offered in three different sizes: 18", 24" and 30".

- **Exceptional Pricing**

Don't forget to include a GLS202-24 Black Flex Connector Installation kit when you order your log set!
